2024 marks the **40th Anniversary** of this impactful ministry! A few years ago, Dr. H.M. Motsinger (Founder of NLBM), asked if we could “estimate how many individuals have studied NLB lessons”? Coming up with an answer is similar to eating an elephant—you have to start with *one bite at a time*. Our 15 courses were developed at various times but if we start with “A Sense of Self” in 1984, the task becomes more manageable. Still, with 40,000 students studying by correspondence (through our Corpus Christi office alone), the total becomes astronomical. Add others in 40+ states plus, so many others in other countries who are studying in other languages and—***the total has to be in the millions!***

We only began assigning “license” numbers to NLB courses 20 years ago and the licenses distributed to date add up to 5386 in the USA. There are an estimated 10,000 NLB certified instructors teaching our lessons. Each course has 13 lessons consisting of 12 pages each (156 letter-size pages). If each instructor only taught ONE course a year to ONE student—it is an accumulation of 1,560,000 pages taught! Then, multiply that number by 10, 20 or 100.....

PODCASTS

Almost since the day he arrived, **Recardo Reyes** has improved our visibility via public media. While engaged in mission work outside the United States, this is how Recardo remained in touch with and reported on his efforts to friends and congregations who supported him.

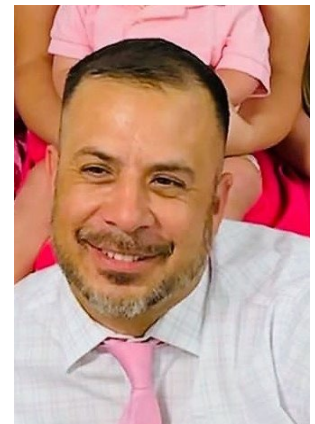

It is easy to get so wrapped up in *doing* the Lord’s work that we overlook this. As we go through each day, we wish we were wearing bodycams so you could experience it in the same moment with us.

Then enters **Walker Hill**, the first participant in our Gideon Project! In addition to many other God-given talents, Walker has blessed the ministry with both skill and enthusiasm. Under the bright lights, a live microphone, and running camera, this giant of a man comes alive. During the recent national jail and prison ministry workshop in June, Walker conducted interviews featuring recovering addicts, ex-offenders, workers, and other guests. These are now continuing weekly, and you are invited to tune in, watch and listen.

These are not *professionally* produced but we promise to get better. Walker says we should ask you to “like” us. It is sort of like nominating us to receive an Emmy.
